Learning Units

nbseduworld.eu

Get ready to bring Nature-Based Solutions to your next lecture with 50 free learning units for higher education!

The **NBS EduWORLD Learning Units Library** on NBS EduWORLD's website offers a comprehensive and flexible suite of resources designed to integrate Nature-Based Solutions (NBS) into higher education and professional training. With 50 curated Learning Units, this platform supports educators, students, and practitioners at all levels: undergraduate (UG), postgraduate (PG), doctoral (PhD), vocational, and entrepreneurial.

nbseduworld.eu/learning-units

Each unit is aligned with European Qualification Framework (EQF) levels, ranging from Level 6 to Level 8, ensuring academic relevance and adaptability

What's inside?

Covering a broad spectrum of **themes and contexts**, the Learning Units are structured around key educational streams:

- **Common Core Units** introduce foundational NBS concepts, such as ecosystem services, biodiversity, and the SDGs.
- **3rd Level Units** target university-level learners, with a focus on implementation, policy, social inclusion, and future urban development.
- **Entrepreneurial Units** support learners exploring nature-based enterprises, business models, green finance, and sector-specific NBS opportunities.
- **Vocational Units** are tailored for practical skills development, project management, policy engagement, and multi-level governance.
- **Case Studies and Workshops** offer real-world applications and participatory methods from NBS EduWORLD demonstrator sites across Europe.

How to use the Learning units?

1. Explore the units by theme or level on the NBS EduWORLD website
2. Download editable materials and teaching notes
3. Integrate resources into lectures, workshops, or project-based learning
4. Adapt content to your local context and classroom needs

These Learning Units are **editable and adaptable**, supporting custom integration into curricula, **practice-oriented**, blending theory with applied learning, and **geographically diverse**, reflecting urban, rural, and coastal NBS contexts.

Whether you're a lecturer seeking ready-to-use teaching materials, a student exploring sustainability, or a professional upskilling in green innovation, the NBS EduWORLD Learning Units offer a unique, user-friendly gateway into nature-based thinking and action.
